SUBJECT: CAPITAL IMPROVEMENT BUDGET (FISCAL YEAR 2019-20) AND PROGRAM (FISCAL YEARS 2020-25)

The Capital Improvement Budget (FY 2019-20) and Program (FY 2020-25) for the City of Salinas details the capital investments required by the community to maintain and enhance our residents' quality of life. Given the significant costs associated with capital investments, the CIP is a multi-year document. The CIP is updated annually with comprehensive revisions occurring every two years. Comprehensive revisions to the CIP that included the identification of several new projects were made this year for FY 2019-20 through FY 2024-2025.

Guided by the City of Salinas' strategic plan and General Plan, this CIP continues targeted investments to maintain, rehabilitate, and rejuvenate a wide array of public infrastructure to improve system reliability, enhance recreational experiences, advance public safety, and in general ensure that Salinas remains well positioned for further economic growth and opportunity. This is complemented with the vision of new police and library facilities that will contribute to enhance life for Salinas' residents.

During FY 18-19, the total Capital Improvement Project budget was over \$109 million. Of this amount, an estimated \$22 million will be actually spent while the difference will carry over to the following fiscal year.

After the passage of Measure G proposition and following the city's taxpayer priorities, the Council approved an additional \$8.1 million in FY 2018-19 to the already approved \$39.3 million during the first three fiscal years, in different capital improvement projects that included improvements to current buildings, planning and construction of a new police facility and equipment acquisition and replacement. The Council has therefore committed a total of \$47.4 million in just four fiscal years since the Measure G approval by Salinas' residents.

Among the completed list of projects in FY 2018-19, we find the Bardin Road and Sanitary Sewer; Irrigation System Retrofit; Airport Tree Removal; Rossi Alley Improvements; Alisal/Skyway Blvd Roundabout; Harden Ranch Playground. Staff continued with those projects that require annual investments like the Street Tree Planting, the Annual Street Repair and Rehabilitation, Storm Water (NPDES), and Police and Fire Vehicle Replacement. This level of investment was accomplished because of residents' self-imposed sales and transaction taxes (Measure E and Measure G), coupled with aggressive grant writing efforts, federal assistance and well-planned distribution of restricted funds. These accomplishments are important to note, because they

provided the City with the opportunity to create a more beautiful place to live, work and play, as well as, an attractive environment that is conducive to retaining and attracting new businesses. A sense of pride continues to develop in the city as we begin to place more of an emphasis on the aesthetic, as well as the internal infrastructure of the city.

The City of Salinas defines a CIP as having; 1) a capital asset with a desired minimum dollar amount of \$5,000; and 2) an estimated useful life of three years or more. Capital assets include land, building, land and building improvements, equipment and infrastructure assets (e.g. streets, sidewalks, traffic signals, and similar items). The proposed CIP includes equipment leases, building leases, and costs associated with maintenance of capital assets that extends the useful life of those assets. Although staff has made every attempt to adhere to the definition of a CIP, there are some items included that do not meet the definition, due to their uniqueness, such as special funding, timing and multi-year nature.

The proposed CIP budget is addressing many of its immediate needs by using over \$6.8 million during FY 2019-20 of the newly approved Measure G funds and over \$11.7 million for the remaining planned five years. In order to meet the City's needs, it is imperative that the City continues to plan and strategize how it will allocate limited financial resources for capital projects. The Capital Improvement Program should not be confused with the Capital Improvement Budget. The capital improvement budget represents the first year of the CIP and is adopted by the City Council. The capital improvement budget authorizes specific projects and appropriates specific funding for those projects. Projects and financing sources listed in the CIP for years other than year one (commonly called "out years") are not authorized until the annual budget for those years is adopted by the City Council. The "out years" serve only as a guide for future planning and are subject to further review and modification in subsequent years by the City Council.

Annually, the City council adopts a six-year CIP to provide a standard by which to:

- Prioritize the increased needs of the City;
- Match as appropriate, available funding to the various needs;
- Plan to meet the City's capital needs over an extended period of time, as funding becomes available; and
- Establish a strategy to secure funding for priority projects.

The CIP is organized by departments/operating divisions inclusive of the following:

- Letter of Transmittal;
- CIP Summary by Department, including a capital projects index;
- CIP Summary by Fund; and
- CIP Sections by Department, including a detailed budget for each capital project.

Potential investments of \$149,714,070 are identified for the six (6) year period from July 1, 2019 to June 30, 2025. The required investments range from deferred maintenance needs of existing roads (to be funded with SB1 and Measure X Bonds) to the construction of long overdue new and expanded facilities (new police facility and El Gabilan Library) necessary to continue providing basic services to the residents of Salinas. Each of the six (6) years in the CIP lists critical investments. The FY 2019-20 proposed CIP Budget is balanced to forecasted revenues and therefore the funding for the projects is guaranteed.

City Council Goals and Objectives

The City Council Strategic Plan with Goals and Objectives for the 2016-2019 time period were considered when determining which CIP's to propose and fund.

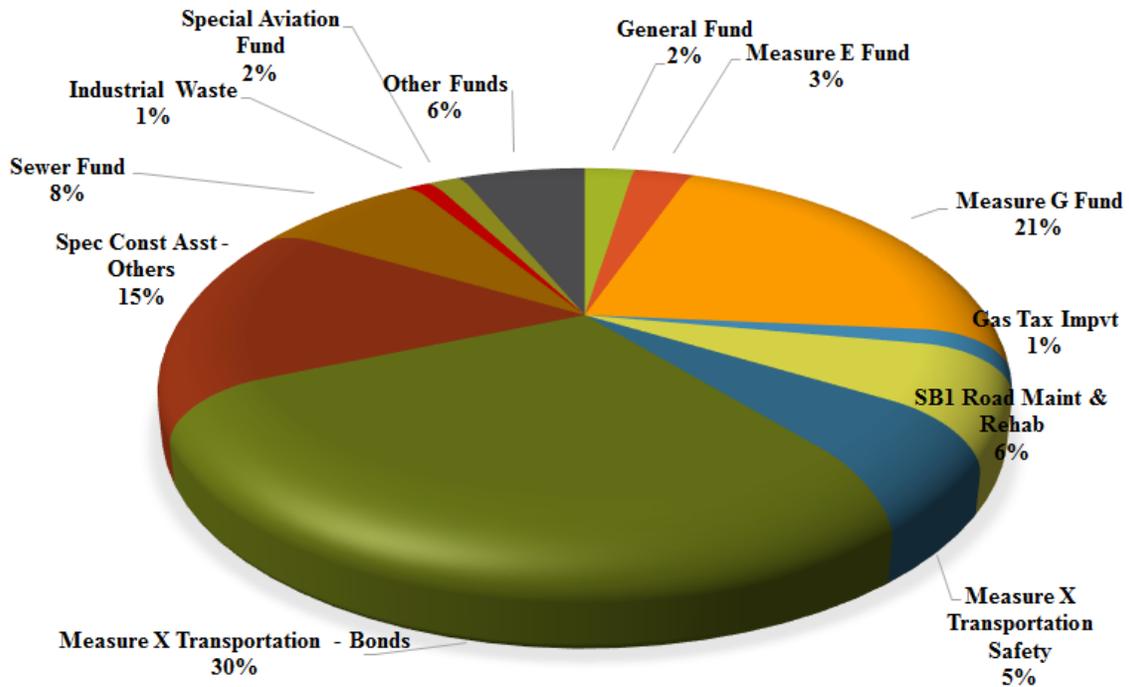

All of the projects in the CIP fulfill one or more of the five strategic goals. Included in the CIP are projects that specifically address certain objectives include funding and planning for the Permanent Homeless Shelter, Annual City Streets Rehabilitation Program, Fire and Police Radio Upgrades, Slurry Seal Improvements of City Streets, Priority Traffic Signals, new Public Safety Center, and the El Gabilan Library Expansion.

Fiscal Year 2019-20

Funding Sources	FY 19-20	FY 20-21	FY 21-22	FY 22-23	FY 23-24	FY 24-25	Total
General Fund	\$ 798,552	\$ 300,552	\$ 300,552	\$ 300,552	\$ 75,000		\$ 1,775,208
Measure E	931,250	275,000	830,000				2,036,250
Measure G	6,859,031	2,823,244	2,572,219	2,619,158	2,726,933	1,011,214	18,611,799
Other Funds	23,915,229	36,758,846	47,440,229	8,471,106	9,661,353	1,044,050	127,290,813
Total	\$ 32,504,062	\$ 40,157,642	\$ 51,143,000	\$ 11,390,816	\$ 12,463,286	\$ 2,055,264	\$ 149,714,070

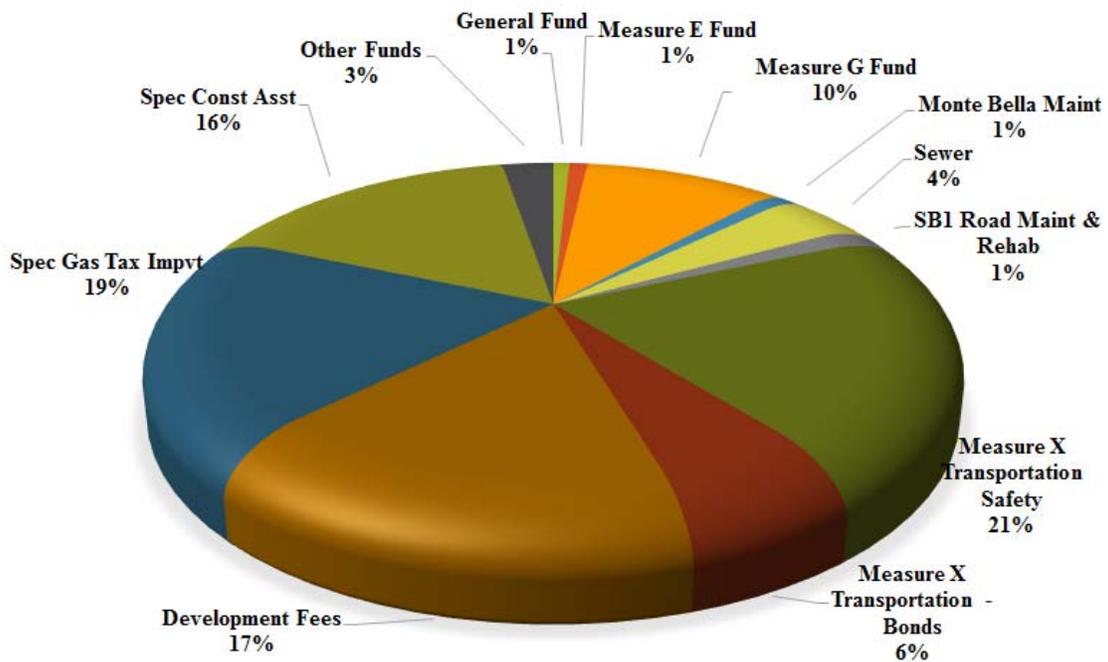

The FY 2019-20 Capital Improvement Budget is \$32,504,062. The General Fund portion of the budget total is \$798,552, including required payments for building leases, fire hydrants repairs, permanent homeless shelter predevelopment, and Financial & HR system upgrades. The only projects funded by Measure E are \$100,000 for tennis court improvements and \$831,500 for the El Gabilan Library opening day collection, sorter, and debt service. Continuing with previous practice, in October of this year a list of proposed projects will be presented to be funded with the one-time Measure E carryover funding from the current fiscal year.

Measure G (transaction tax revenue) continues the practice of making considerable investments in capital improvement projects in this year's proposed budget. This year the total proposed projects add up to \$6,859,031. Among the 24 proposed projects for FY 2019-20, the financing cost of a new public safety center, fire and police radios, fleet replacement, downtown streets team to help with homelessness, city cleanup program, fire station renovations, General Plan update, and playground improvements at City parks stand out as the ones requiring larger investments. The balance of the budget (\$23,915,229) is funded by bonds from ME/MG/MX, development fees, gas tax, Measure X Transportation Safety and Investment, SB1 Road Maintenance and Rehabilitation, approved state and federal grants, and City enterprise funds, all of which require those revenues to be used for the specific purposes listed in the recommended CIP. For instance, the \$1,880,000 in the SB1 Road Maintenance & Rehabilitation projects may only be used for maintaining local roads and streets purposes, or the \$468,590 in Gas Tax projects may only be used for traffic related projects.

Future Investments Needs

FY 2020-21 through FY 2024-25 General Fund projects total \$976,656, Measure E projects total \$1,105,000 and Measure G projects total \$11,752,768. Given the current economic and fiscal condition, it will be necessary to limit any General Fund budget savings (carry over) for capital projects that cannot be deferred. Measure G funding is now available to address many of the community needs and will be reviewed by the Measure G Committee.

Restricted Funds

A combination of various resources are included in the recommended FY 2019-20 capital projects budget for the rehabilitation and development of infrastructure and street systems repair and improvements. Restricted funds include Enterprise Funds, Maintenance Districts Assessment, Community Development Block Grant Funds, Development Impact Fees, Local Gasoline Excise Tax, Measure X Transportation Safety and Investment, SB1 Road Maintenance and Rehabilitation and Federal Aviation Administration Grants. Examples of programs and projects funded, in whole or in part, from restricted funds include: Industrial Waste Lift Station, Airport Runway Upgrades, Monte Bella Subdivision Improvements, Recreation Facility Improvements, and Sanitary Sewer Equipment and Pipes Repair/Rehab.

In November 2016, County-wide taxpayers approved Measure X representing an increase in the retail transactions and use tax of three-eighths of one percent (3/8%) over a period of thirty years for the purposes of improving safety on local roads and highways, repairing potholes, maintaining streets and roads, reducing traffic congestion, improving transportation for seniors, young people, and people with disabilities, and making walking and biking safer. Tax revenues will be allocated with 60% of funds dedicated to local road maintenance, pothole repairs and safety projects and 40% of funds dedicated to regional safety and mobility projects. The Transportation Agency for Monterey County (TAMC) and a Citizen Oversight Committee will be established in addition to requiring annual independent audits. The City's FY 2019-20 Capital Improvement Project Budget includes over \$9.5 million (from Measure X Bonds) in qualified projects which include among others, street maintenance equipment replacement, E. Laurel sidewalk and lights, Bardin Road Safe Route to School, and the annual city streets rehabilitation program. The budget shows \$42.7 million of Measure X projects over the 6-year budget plan (from Measure X and Measure X Bonds).

On March 29, 2017, Governor Brown announced a transportation funding agreement, known as SB1 Road Maintenance and Rehabilitation. This ambitious plan will provide \$5.2 billion annually to California's transportation infrastructure. The plan will be funded by several tax increases that include a 12-cent per gallon increase to the gasoline excise tax in addition; a 20-cent per gallon increase to the diesel excise tax; An additional vehicle registration tax called "Transportation Improvement Fee" with rates based on the value of the motor vehicle effective January 1, 2018 and \$100 dollar vehicle registration fee on zero emission vehicles model 2020 and later. The City will get about \$2.7 million during fiscal year 2019-20 from this tax increases with future revenues estimated at \$3.6 million annually. The proposed CIP budget includes three projects qualified to be funded by SB1 Road Maintenance Fund; striping and signing, traffic signal installation, and slurry seal improvements.

User's Tax (Gas Tax) that represent a major funding source of capital improvement projects are modestly higher than in previous years. Those allocations have become more stable, although they are now declining with fuel efficiency and increasing use of alternative transportation fuels. Statewide fuel consumption (gallons) has been relatively flat in recent years with a slight growth of 1.3% this last year. FY 2019-20 allocations from the Gas Tax Sections 2104-2107 are estimated to increase 24% due primarily to the scheduled 5.6 cent increase in the gas tax rate on July 1, 2019. Projects funded by Gas Tax funds in the proposed CIP budget add up to \$468,590.

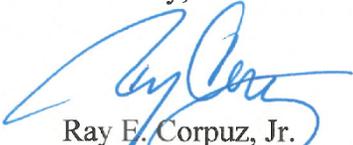

As mentioned previously, the City continually seeks grant funding for capital improvement projects. Investments being proposed in FY 2019-20 under the Special Construction Assistance Fund include E. Alvin/Linwood/Maryal Routes (\$2,959,000), E. Laurel Drive Sidewalk and Lights (\$961,000), and North Main St. Intersections (\$500,310). In total, there are five projects funded by federal and state construction grants, totaling \$4,470,087. Additionally, the Community Development Block Grant will be used to fund two projects; Shelter Operations (85,394) and Downtown Streets Team (\$100,000), both of which are aimed to address the homelessness issue.

Conclusion

The six (6) year Capital Improvement Program provides a snapshot of community needs. The CIP does not provide a guarantee that all projects will be accomplished. Funding for capital projects are subject to economic conditions effecting General Fund, Measure E and Measure G resources, developer resources, grant availability and State budget actions.

The long-term service and economic development needs of the Salinas community is assessed from the perspective of required capital investments. The multi-year CIP provides an opportunity to do so and will continue to be a priority.

Sincerely,

Ray E. Corpuz, Jr.
City Manager

Project #	9146
Project Name	Financial & HR Management ERP System

Type Software

Useful Life

Category Administration

Start Date 07/01/15

Council District City-Wide

Priority 1 Essential

Completion Date 12/31/19

Total Project Cost: \$194,336

Description

This project provides a comprehensive, fully integrated, cost effective, government specific technology application to support the city's budgeting, purchasing, payroll, accounting, human resources management, a suite of e-services for our customers through enhanced online processing. The full system is being implemented in stages.

In FY 2019-20 the New World ERP system will be upgraded to the latest version. Additionally, Special Assessments and Retirement Tracking will be implemented during the year. The NEOGOV Performance Review module is also expected to be implemented.

Justification

The system will provide all departments with useable and user friendly functionality, efficient electronic paperless workflow and approvals, easy access to information, and replacement of our existing failing system that is about 30 years old.

Type Improvement

Useful Life

Category Airport

Start Date 03/01/19

Council District City-Wide

Priority 2 Necessary

Completion Date 06/30/20

Total Project Cost: \$565,601

Description

Rehabilitate RWY 8/26 pavement at the Salinas Municipal Airport. Project includes routing can crack fill, pavement rejuvenate, remarking Runway. Helipad Rehabilitation design and construction.

Justification

Project will be funded by FAA grant 3-06-0206-028. The grant funds 90% of the project with the Airport Enterprise contributing a 10% match. If CalTrans Funds are available, the Airport Enterprise matching component would be reduced by 5% with CalTrans matching 5% of Federal grant amount.

Project #	9001
Project Name	Permanent Homeless Shelter

Type Acquisition

Useful Life

Category Community Development

Start Date 07/01/18

Council District 6

Priority 1 Essential

Completion Date 06/30/21

Total Project Cost: \$250,000

Description
Predevelopment costs for the Permanent Homeless Shelter to be located at 855 E. Laurel Dr. and the Permanent Supportive/Transitional Housing located at 1220 Natividad Rd.

Justification
City and County of Monterey entered into an MOU in FY 18-19 in which the City has agreed to share in the cost for construction and operation of the permanent homeless shelter (855 E. Laurel Dr.) and permanent homeless supportive/transitional housing (1220 Natividad Rd.)

Project # 9181
 Project Name Downtown Streets Team

Type Acquisition

Useful Life

Category Community Development

Start Date 07/01/19

Council District City-Wide

Priority 1 Essential

Completion Date 06/30/20

Total Project Cost: \$425,000

Description

Downtown Streets Team (DST) will provide street outreach, case management, and employment referral services for the homeless population. In addition, DST will provide clean up services at homeless encampments. It is anticipated that DST will start in Chinatown and ultimately be available to expand to other areas in the City experiencing these challenges particularly in and around City parks.

Justification

The City spends over \$400,000 annually on homeless encampment cleanups in Chinatown and Natividad Creeks. This type of emergency expenditure cannot be sustained over time. By effectively using DST to provide outreach to the homeless, case management, and ongoing clean up support, the City can prevent future waste streams, reduce the overall number of homeless, and reduce future cleanup costs. DST will apply for other Federal and State grant funding sources administered by the City, and should they be awarded, the City's General Fund allocation will be reduced accordingly in this CIP.

Project # 9071
 Project Name Williams Rd UD/Street/Streetscape & Median Island

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/17

Council District 2

Priority 2 Necessary

Completion Date 06/30/22

Total Project Cost: \$9,684,849

Description

With the utility undergrounding of Williams Road (Bardin to Alisal) the roadway will need to be reconstructed to include; environmental; design, streetscape improvements, SS*SD underground improvements; Road reconstruction and median island improvements; ADA improvements. TFO(#48) will fund median island improvements. Funds will include median island work in two phases, phase 1 from John to Grandhaven and phase 2 from Grandhaven to Del Monte.

Justification

The TFO has identified the need for a median island on Williams Road to increase traffic capacity and improve vehicle and pedestrian safety.

Project # 9081
 Project Name **Striping and Signing Improvements at City Streets**

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District City-Wide

Priority 1 Essential

Completion Date On Going

Total Project Cost: \$1,190,000

Description

The striping of City streets has fallen behind as street repair scheduled have been delayed. As a result, street center lines, crosswalks and other pavement markings that help contribute to street safety is in need of updating. In addition, complete streets concepts provide opportunities to encourage safety on city streets using striping.

To effectively address public safety, staff recommends multi-year funding for this project.

Justification

Provides funding to update street paving and signs at critical locations. This striping project is for those streets that need safety striping but are not part of pavement improvements.

Striping and signing updates occur within streets right of way. These improvements will not significantly impact the City maintenance budget but may reduce city claims cost.

Project # 9094
 Project Name Priority Traffic Signals

Type Traffic Signal

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District 1

Priority 1 Essential

Completion Date 06/30/20

Total Project Cost: \$650,000

Description

The City Council approved the 2017 Traffic Signal Priority List with direction to complete priority signal projects within 2 years.

A traffic signal at the intersection of Alvin Drive and Linwood Drive was the top priority. A new signal at Constitution Blvd/Las Casitas is another priority location. New traffic signals at Alisal/Murphy Street and Williams/Garner are also included in this CIP.

The budget through 19/20 is estimated to cover the design and construction of three of the four.

Justification

These locations are part of the City Council's Prioritized Locations for traffic control. Selection is based on safety, traffic, pedestrians, other environmental factors.

Each traffic signal is expected to cost \$600,000 funded by Measure X Bond Proceeds.

Each new traffic signal will add \$2,900/year to the City's signal maintenance and energy costs.

Project # 9120
 Project Name Monte Bella Subdivision Improvements

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/11

Council District 2

Priority 2 Necessary

Completion Date 06/30/21

Total Project Cost: \$3,591,279

Description
 Resurface streets including residential traffic striping/signs, curb, gutter, sidewalks, Desilt/repair detention basins by Williams Road and Bardin Elementary School. Excavate, haul, improve agricultural runoff ditch, including "beehive" inlets, along Freedom Parkway and Sconberg Parkway. Street, park, school joint use landscaping/irrigation. Maintain park restrooms, play equipment, parking. Maintain and replace street lights as necessary. Wheel cleaner grates at Freedom Parkway.

Justification
 Silt removal and repairs to the detention basins at Monte Bella Subdivisions are part of the on-going maintenance work to lessen the effect of silt entering into the City's storm drain system. This is funded by the Monte Bella Maintenance District in accordance with City Council Resolution No. 18392.

Project # 9127
 Project Name Silt Removal Gabilan Creek

Type Storm Sewer

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District 1,6

Priority 2 Necessary

Completion Date 06/30/20

Total Project Cost: \$50,000

Description

This project involves the removal of silt, sediment, and debris including trash along Gabilan Creek at a regular interval to maintain the creek's flood carrying capacity and to improve sediment loading to aid in achieving NPDES permit water quality goals. Project may include stream restoration components with grant funding.

Justification

Staff will be reviewing options to use reserves from the North-East Assessment District.

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District 4

Priority 2 Necessary

Completion Date On Going

Total Project Cost: \$345,000

Description
Monitor intersection for possible signalization or other possible traffic control related improvements. Signalize intersection when warranted by an engineering study. This includes Haciendas development contribution (\$2,437). For Fiscal Year 2017-18, Public Works will perform an intersection evaluation related to project 9956.

Justification
Project is part of US 101 Improvements necessary to mitigate future growth of the City as envisioned by the General Plan.

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District 3

Priority 4 Deferred

Completion Date On Going

Total Project Cost: \$245,000

Description
 On Front Street provide a second left turn lane for the southbound lane and provide a right turn lane on the westbound East Alisal Street approach to Front Street. Includes signing upgrades, striping, patch and repair of roadway, traffic signal loops, cape seal and catch basin upgrades.

Justification
 Project provides improvements that meet traffic increases associated with Tynan Village Development.

Project # 9145
 Project Name W Laurel Dr Improvements

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/19

Council District 5

Priority 2 Necessary

Completion Date On Going

Total Project Cost: \$3,270,000

Description

Pursuant to the TFO program (TFO 28A & 28B), this project provides for several improvements to W. Laurel Drive between N. Main Street and Davis Road. Phase 1 includes timing coordination of all the signals in that corridor. Phase 2 includes the widening of W. Laurel Drive between N. Main and Adam Streets, and Phase 3 will include the widening of Laurel at U.S. 101 from four lanes to six lanes.

Preliminary Engineering work to begin in Fiscal Year 2019-20 will include feasibility and environmental studies. Final Design and Construction deferred until completion of feasibility and environmental analysis.

Justification

Project addresses increase in traffic associated with growth of City as envisioned in the City General Plan.

The project proposes widening the roadway and traffic signal coordination. When completed, there is a potential for an increase in annual maintenance costs.

Project # 9149
 Project Name West Alvin Dr Crossing

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 07/01/19

Council District City-Wide

Priority 1 Essential

Completion Date On Going

Total Project Cost: \$3,700,000

Description

Pursuant to the current TFO program(TFO #27), this project provides for the construction of an overpass or underpass on W. Alvin Drive over U.S. Highway 101. Concept development for West Alvin Drive Extension will include traffic analysis to study the horizontal and vertical alignment of the extension to connect to North David Road. Extension to include vehicular, pedestrian and bicycle access.

Justification

Traffic Mitigation for projected City growth. Supports Council strategic plan objective of promoting development of the City's Future Growth Areas. Traffic Mitigation projects are essential improvements specifically called for to meet increased traffic demand resulting from City growth.

 Project Name Street Lighting Perimeter of Central Park

Type Street Lights

Useful Life

Category Engineering & Transportation

Start Date 07/01/19

Council District 3

Priority 3 Desirable

Completion Date 06/30/21

Total Project Cost: \$330,000

Description
 Installation of street lights to illuminate the streets within the perimeter of Central Park.

Justification
 Streets around the Central Park are very dark. Hartnell College and City will discuss partnership on improvements in this area. Funding for construction may be funded by Hartnell College and/or Gas Tax funds.

Project #	9162
Project Name	City Street Sign Retro Reflectivity

Type Study

Useful Life

Category Engineering & Transportation

Start Date 07/01/12

Council District City-Wide

Priority 1 Essential

Completion Date 06/30/21

Total Project Cost: \$144,968

Description
In anticipation of the country's aging population, Federal and State regulations require that municipalities replace regulatory street signs, and street name signs to meet retroreflectivity requirements. The first phase of the project is complete which was developing the street sign inventory. The next phase is assessment of the City's street signs in accordance with best management practices.

Justification
In order to meet State requirements, Public Works is completing the City's sign retroreflectivity assessment program.

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/06

Council District City-Wide

Priority 2 Necessary

Completion Date On Going

Total Project Cost: \$3,751,135

Description

This project implements the City-wide traffic calming policy for residential streets throughout Salinas adopted in 2009. The benefits are extremely sought after by residents of the following neighborhoods, Tyler-Iris and Laurel Heights.

Justification

Implements the City's Traffic Calming Policy approved in 2009 to address concerns with speed and volume of traffic in residential areas.

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 07/01/17

Council District 5

Priority 2 Necessary

Completion Date On Going

Total Project Cost: \$359,486

Description
Acquire right of way and begin design of intersection improvements to include new right turn lane from Boronda Road onto North Main Street, pavement modifications, retaining wall, sidewalk, curb, gutter, pedestrian access ramp, signal modifications, traffic control, pavement striping/signs, and irrigation/landscaping.

Justification
Funds are available in the Traffic Fee Ordinance (TFO) program account. This project does not affect the General Fund. Project addresses traffic increase associated with the Gateway (Lowe's) Development Project.

Project # 9173
 Project Name Davis Rd Imp (Laurel to Rossi)

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 07/01/15

Council District 5

Priority 4 Deferred

Completion Date On Going

Total Project Cost: \$1,556,000

Description

This project is for the restriping of Davis Road to provide 6 lanes from East Laurel Drive to West Rossi Street; the installation of a pedestrian/bicycle path on the west side of Davis Road; the widening of pavement on the west side of Davis Road between Laurel Drive and Post Drive, raised median island improvements, new city standard street lights, upgrade of signs.

Preliminary work will include coordination with the County's planned widening of County sections of Davis Road.

Justification

The Project aims to provide additional capacity on Davis Road to address future congestion along the corridor. The project also aims to address the missing bikeway link along Davis Road in accordance with the policies of the city General Plan.

The developers of the Auto Mall contributed \$70,000 towards the intersection improvements at Davis & Post and Davis & Laurel.

Project # 9216
 Project Name ADA Pedestrian Ramp Installation

Type Unassigned

Useful Life

Category Engineering & Transportation

Start Date 07/01/17

Council District City-Wide

Priority 1 Essential

Completion Date 12/30/24

Total Project Cost: \$716,968

Description

Furnish and install ADA pedestrian ramps at all curb returns and crosswalks at mid-block throughout the City. The priority will be based on the recommendation by staff and committee and approval by City Council.

Justification

The Americans Disability Act obligates Local Agencies to budget and schedule deficient ADA infrastructure in City right-of-way.

Project # 9218
 Project Name **Bardin Rd Safe Route to School**

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 08/01/16

Council District 2

Priority 1 Essential

Completion Date 12/30/19

Total Project Cost: \$8,869,140

Description

Reduce the number of travel lanes along Bardin Rd between Williams Rd and Alisal Rd from 4 to 2 and include a two way left turn lane and bike lanes. Modify control intersections of Alisal Rd at Bardin Rd and at Sconeberg Parkway to include dual roundabout network. Enhance bike facilities along Alisal Rd between Tampa St and Bardin Rd.; reconstruct Bardin Road (Williams to Sycamore); repair SS & SD.

Justification

The City will apply for a TAMC competitive grant in April 2019. Notification will be made in September 2019.

Project # 9219
 Project Name E Alvin/Linwood/Maryal Routes

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/16

Council District 6

Priority 1 Essential

Completion Date 06/30/20

Total Project Cost: \$3,459,363

Description
 Reduce number of travel lanes along E Alvin Dr. between Kip and Natividad Rd from 4 to 2 lane and two way left turn and bike lanes in FY 1. A roundabout or traffic signal at Alvin/El Dorado intersection in FY 2; and add bike lanes and pedestrian enhancements along Linwood between Laurel and Alvin Dr. Add bike lanes and sidewalk on Maryal Dr south of Laurel and Sharrow to the north in FY 3.

Justification
 The Project addresses concerns for safe routes to schools. Alvin Drive is within 1/2 mile from several elementary schools, a Junior High School and a High School. The project also adds efficiency through the corridor.

Project # 9222
 Project Name E Lake St Pump Station Upgrade

Type Sanitary Sewer

Useful Life

Category Engineering & Transportation

Start Date 07/01/15

Council District 4

Priority 2 Necessary

Completion Date 06/30/22

Total Project Cost: \$1,756,000

Description

Increase the capacity of Lake St Pump Station, replacing the three existing 30 HP pumps with new 40 HP units for a total station capacity of 120 HP (yielding a firm capacity of 13.5 Mgal/day). Additional scope includes upgrading the existing 14-inch force main to 20 inches.

Justification

This project is entirely funded by the Sanitary Sewer Fund.

Project #	9263
Project Name	Alisal Corridor Complete Streets Plan

Type Plan

Useful Life

Category Engineering & Transportation

Start Date 07/01/17

Council District 2,4

Priority 2 Necessary

Completion Date 06/30/19

Total Project Cost: \$5,143,691

Description
The City was awarded Sustainable Communities Grant under the State Transportation Planning Grant Program. The project develops a Complete Streets Plan for the East Alisal Corridor. The project is a subtask of the City's Alisal Vibrancy Plan.

Justification
Total estimated cost for the planning activities is \$294,578. The grant provides State funds in the amount of \$260,782. A minimum local match of \$33,796 is required. The local match will be transferred from CIP 9607 Bicycle Lane Installations funded by Measure G.
Implementation of the Alisal Corridor Plan will result in new capital costs and potential increase in street maintenance costs. Staff will be pursuing federal and state grants to fund most, if not all, of the East Alisal Corridor Plan's capital improvement recommendations.

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District City-Wide

Priority 2 Necessary

Completion Date On Going

Total Project Cost: \$188,941

Description
This project provides for the upgrade and installation of traffic signs, markings and other minor improvements to enhance elementary school sites throughout the City.

Justification
Enables the City to respond to school traffic safety concerns during the year. School Traffic Safety concerns is one category of traffic operations for which the City receives many requests each year. Most concerns are related to traffic congestion during drop off and pick-up hours due to the volume of cars during 2-3 short periods in a day. However, at times staff identifies improvements that will improve safety at schools. These improvements include new signing, flashing beacons, striping and other tools that is funded by this program.

Project # 9510
 Project Name E Boronda Rd Traffic Congestion Relief

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 07/01/17

Council District City-Wide

Priority 1 Essential

Completion Date 06/30/25

Total Project Cost: \$25,762,729

Description

Construct roundabouts at McKinnon, El Dorado, Natividad, and Independence Blvd. Construct 2 additional lanes; bike lanes; raised median island; ovelay or rehab of existing lanes; landscape and irrigation; farmers ditch and retention basin; signing and striping; NPDES features from Dartmouth St. to East of Independence, including widening of existing bridge over Gabilan Creek.

Justification

The widening of Boronda Road is a part of the Mitigation Measures identified in the 2002 Salinas General Plan to mitigate traffic operational deficiencies throughout the City. Implementing this project will provide a level of service D or better along this corridor.

Project #	9607
Project Name	Bicycle Lane Installations

Type Roadways

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District City-Wide

Priority 1 Essential

Completion Date 12/30/25

Total Project Cost: \$279,336

Description	
<p>Bikeway Plan adopted by Council in March 2002 calls for the installation of Bike Lane Routes at various locations. Improvements and facilities shall conform with support said Bikeway Plan and the priorities set therein. The program is used to make improvements to the bicycle network and to leverage local funds to secure grants.</p>	

Justification	
<p>The Salinas General Plan has policies promoting other modes of travel. These improvements respond to sustainability of the transportation system and help address traffic congestion. Provision of bicycle facilities addresses safety concerns of those who travel by bicycle on City streets.</p>

Project # 9618
 Project Name ADA Transition Plan-City Wide

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/10

Council District City-Wide

Priority 1 Essential

Completion Date 12/30/19

Total Project Cost: \$248,551

Description

Prepare an ADA transition plan for City owned facilities; sidewalks and curb ramps throughout the City. Prepare a survey of the condition of each location, prepare a cost, and a plan to fund and schedule to construct. Plan to be approved by City Council. Funds are used to process grievances and engage community with ADA plan.

Justification

Gas Tax funds can only be used on Transportation oriented ADA projects.

Project #	9662
Project Name	Traffic Fee Ordinance Update

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/09

Council District City-Wide

Priority 1 Essential

Completion Date On Going

Total Project Cost: \$2,439,170

Description	
Continuing update of the Traffic Fee Ordinance. Major update anticipated with General Plan Update.	

Justification	
The Traffic Fee Ordinance helps fund the City Street network that will be needed to meet growth anticipated by the General Plan. Updating the plan regularly is necessary to ensure the transportation improvements are ready as the City grows.	

Expenditures	19-20	20-21	21-22	22-23	23-24	24-25	Total

Project #	9667
Project Name	Computer Aided Design System

Type Unassigned

Useful Life

Category Engineering & Transportation

Start Date 01/01/05

Council District City-Wide

Priority 1 Essential

Completion Date 06/30/24

Total Project Cost: \$144,996

Description	
<p>On-going upgrading of Public Works computers and network system including computer work stations. This project provides for the purchase of upgraded computers over the next two years, and maintaining the current network system to alleviate downtime during network glitches and training. Engineering staff to manage the scanning of files in vault, storage of hard copies in the future and build a retrieval system on network to retrieve plans.</p>	

Justification	
<p>Computer Aided Design costs are recovered through charges to various capital projects at \$12.00 per hour.</p> <p>The CIP has a \$100,000 surplus for rollover that will balance the Total Expenditure/Funding difference. This surplus is allocated for future hardware upgrade expenditures.</p>

Type Improvement

Useful Life

Category Engineering & Transportation

Start Date 07/01/18

Council District 3

Priority 3 Desirable

Completion Date 06/30/21

Total Project Cost: \$760,000

Description

The project provides for street improvements for Vale Street, Happ Place, Palmetto Street and New Street. The work includes: street reconstruction and overlay; new City trees; new curb and gutter; new sidewalk; new commercial driveways; striping and signing.

Justification

Improvements to ITC will create need to match investment at nearby city streets.

Vale Street (\$190,000); Happ Place (\$190,000); Palmetto Street (\$190,000); New Street (\$190,000).

Priority 2 Necessary

Completion Date 06/30/23

Total Project Cost: \$1,718,817

Description

Monitoring, maintenance, and staff oversight for operation of PV system installations. Solar PV sites include Hitchcock Road Animal Shelter, Industrial Waste Treatment Plant, Salinas Municipal Airport, Permit Center and Sherwood Hall. The project included LED interior and exterior lighting upgrades at most City facilities, industrial process upgrades; heating cooling upgrades at various City facilities; and LED street, parking lot and park lighting fixture replacements.

Justification

Project is funded by the General Fund, rebates from Pacific Gas and Electric, a low interest loan from Bank of America and the leasing of land to Monterey One Water.

Priority 1 Essential

Completion Date 06/30/20

Total Project Cost: \$875,000

Description	Total Project Cost: \$875,000
Replacement of a milling machine, paving machine and trailer to work on City-wide street maintenance.	

Justification
This equipment is used to perform major street repairs to bring them up to a new status. The current equipment is 20 years old and is at the end of its useful life. The parts are very difficult to procure since they typically come from overseas. This also proves very costly as well. This puts big strain on equipment up-time.

Project #	9540
Project Name	Fire Vehicle Replacement

Type Equipment

Useful Life

Category Fleet/Equip Maintenance

Start Date 07/01/19

Council District City-Wide

Priority 1 Essential

Completion Date On Going

Total Project Cost: \$4,383,272

Description
Project provides for debt service on four (4) fire pumpers, two (2) aerial ladder trucks, and an aircraft rescue firefighting vehicle.
Project also provides debt service for the replacement of four (4) pumper apparatus, one in FY 19/20 one in FY 20/21, one in FY 22/23 and one in FY 24/25. (1) wildland fire engine in FY 21-22, and (1) aerial apparatus in FY 24/25.
Anticipated future vehicle lease payments reflected in the 66.5500 - Vehicles line.

Justification
As outlined in the 2018 "Salinas Plan" prepared by the National Resource Network (NRN) and the National Fire Protection Association (NFPA), a fleet replacement plan is a cornerstone for maintaining a reliable and sustainable emergency vehicle fleet. It is recommended that first line engines in Salinas be replaced every 8 years, placed in reserve service for another 10 years, and surplus after 18 years due to heavy use, increased unreliability of complex emission control and chassis systems and increased overall wear from street conditions.
FY 19/20 will realize the need to replace Engine 1 located at fire station 1 on W. Alisal St. Engine 1's use hours are more than double that of other engines in the fleet due to the highest volume of calls for service. This will allow the surplus of a 20 year old reserve engine as well. FY 20/21 realizes the need to replace Engine 1's sister unit at fire station 6 in North Salinas, Engine 6. This engine has been in first line service for 10 years and will allow for the surplus of a 21 year old reserve. FY 21/22 will need to replace an aging wildland engine. The reimbursement during its lifespan from Mutual Aid out of county requests have more than paid for the purchase of this engine and it has outlasted its front line lifespan. It is located at station 5 in East Salinas and also protects Natividad Creek Park. FY 22/23 would replace Engine-3 entering its 9th year of front line service at station 3 on Abbott St. This will allow for the surplus of a 22 year old reserve engine. FY 24/25 replaces Truck- 1 in its 10th year of service at station 1 on W. Alisal St. and allows the surplus of a 18 year old reserve truck.
The SFD's maintenance program has recognized that aging front-line apparatus are spending more out-of-service time proportionately than in-service time. Additional unexpected and costly repairs routinely exceed the operating budget because of the original plan to replace first line engines at 10 years and surplus them after reserve status at 20 years. Lease-Purchase (as with previous acquisitions) is the recommended option to minimize large impacts to the budget.

Project # 9235
 Project Name Fire Station Renovations

Start Date 07/01/15 Council District City-Wide
 Completion Date 06/30/20

Total Project Cost: \$1,969,037

Description
 Project provides for fire station renovations and/or replacement at all 6 Fire Stations. The severely aging infrastructure of the fire department requires the need to fully replace Fire Station 2, 3, and 4 to meet modern seismic and service needs of the neighborhoods they serve, significant expansion of Fire Station 6, and remodel and upgrades to Fire Station 1. Fire Station 5 is in need of expansion of the living quarters to accommodate the additional staff members assigned there.

Justification
 FY 19/20 provides for the remodel of Fire Station 1. FY 19-20 will also fund land acquisition and planning/design for facilities and FY 20-21 will see the beginning of construction.

Project # 9411
 Project Name Fire Hydrant Repairs

Start Date 12/31/05 Council District City-Wide
 Completion Date 06/30/24

Total Project Cost: \$294,725

Description
 Project provides for repairs of fire hydrants in the Alco Water service areas within the City of Salinas. Project also provides for replacement of existing old style hydrants in Alco Water service areas within the City of Salinas with the current city fire hydrant specified.

Justification
 The City's franchise agreement with Alco Water does not provide for repairs or replacement of hydrants by Alco Water. Continued general fund allocations are necessary. There are currently 10 fire hydrants that are out of service in the ALCO water area that will have a direct impact on firefighting operations. Average repairs cost \$3000-\$5000 per hydrant.

Project # 9527
 Project Name Fire Safety Gear & Equipment

Start Date 02/01/07 Council District City-Wide
 Completion Date 06/30/25

Total Project Cost: \$390,408

Description
 Project provides for the annual replacement of fire safety turnout gear, Personal Protective Equipment (PPE) and safety equipment.

Justification
 Firefighter structural personal protective equipment sees significant wear and tear as call volumes and severity of calls increase. To minimize the threat to firefighters from toxic exposure, required care and maintenance of the PPE reduces the life span of the garments. Regular replacement is necessary to ensure the highest level of safety is afforded to our firefighters during fire and rescue operations.

Project # 9626
 Project Name Fire Station 7 & 8

Start Date 07/01/19 Council District 2,6
 Completion Date 06/30/24

Total Project Cost: \$7,500,000

Description
 Fire Station 7 will be located in the new residential areas north of Boronda Road as part of the West Area Specific Plan (WASP). Fire Station 7 will provide emergency services for the single-family and multi-family dwellings, commercial development and educational facilities planned in the northeast future growth area. Fire Station 8 should be located near the gateway to the Alisal Vibrancy Corridor, and is part of the Central Area Specific Plan (CASP) which will serve single-family and multi-family high density residential, commercial, educational facilities.

Justification
 Fire Station 8 is needed currently in the area of Alisal and Highway 101. Land acquisition and engineering in FY 19-20 with construction and equipment acquisition to start in FY 20-21. Annual cost to operate of approximately \$2,000,000. FY 22-23 will see Fire Station 7 project start which assumes land acquisition (about one acre) and construction approximately 14,000 sq. ft.).

Project # 9984
 Project Name Fire Training Tower

Type Buildings

Useful Life

Category Fire

Priority 2 Necessary

Start Date 07/01/16

Council District City-Wide

Completion Date 06/30/24

Total Project Cost: \$85,275

Description

Replacement of the existing training facilities to meet federal and state requirements for fire training as well as environmental protection are necessary. Project will provide for the construction of a new, state of the art, training facility to meet the all risk training demands of the fire department and address containment and reuse of water runoff and support of federally required equipment testing and maintenance.

Justification

Enhanced and changing demands on the fire department bring new and enhanced training requirements. Adequate space, free from hazards, to adequately train new and existing employees is crucial. The establishment a modern facility will provide the opportunitit to host classes to bring in some revenues in future years. Project implementation to start in FY 22-23.

Completion Date 10/01/19

Total Project Cost: \$375,000

Description	
Building out new items for Children, Young Adult and Adult book collection.	

Justification	
The Library system did not previously have 21,000 square feet of space to furnish with new books. The current book budget comes from an operating budget that supplies books for upkeep, but not to provide all new books for a much larger space.	

Expenditures	19-20	20-21	21-22	22-23	23-24	24-25	Total

Project Name	El Gabilan Library Sorter

Type Equipment

Useful Life

Category Library

Priority 3 Desirable

Start Date 01/07/19

Council District City-Wide

Completion Date 12/01/19

Total Project Cost: \$206,250

Description
The sorter automatically sorts the books that are returned to the El Gabilan library. Items can come from any customer throughout the City. The sorter checks in the items and organizes them to be shelved, increasing the efficiency that books are returned to the public and reducing staff workload.

Justification
Improves efficiency and reduces staff hours and workload (also reduce worker comp claims).

Project # 9166
 Project Name New El Gabilan Library

Start Date 08/01/18 Council District City-Wide
 Completion Date 12/31/19

Total Project Cost: \$3,865,439

Description
 This project calls to demolish the existing library and construct a new 18,000 sf. Library. The project includes a community planning process to determine specific needs for project components.

Justification
 Fund project over 3 consecutive years to build fund account.

Expenditures	19-20	20-21	21-22	22-23	23-24	24-25	Total

Type Equipment

Useful Life

Category Library

Priority 2 Necessary

Start Date 07/01/17

Council District City-Wide

Completion Date 06/30/22

Total Project Cost: \$264,019

Description
The project will include the purchase of RFID tags, self-check units and security gates for all three library facilities.

Justification
Self-service technology will decrease the need for staff to perform many repetitive, manual tasks such as checking library materials in and out. As a result, the as library workload expands and changes staff may be shifted to more meaningful customer service activities and programming.

Project # 9716
 Project Name Steinbeck Library Upgrades

Type Improvement

Useful Life

Category Library

Priority 2 Necessary

Start Date 07/01/17

Council District City-Wide

Completion Date 06/30/22

Total Project Cost: \$833,566

Description

The project will provide consulting services for library space planning and interior design services for the John Steinbeck Library. In addition, preliminary planning to redesign the public restrooms to improve safety will be included. Funds from project #9386 "Library Planning & Improvements" (\$9,693) and from project #9969 "Steinbeck & Chavez Roof Repair (\$63,310) were transferred into this project in FY 2017-18.

Justification

The current space allocation of John Steinbeck Library limits usage for many purposes such as group study, adult and children's programming and technology. Usage. Maximizing the use of existing space without extensive renovation or construction will lengthen the life-span of the current building, as well as ensuring that it is well-utilized by the community for library services and programming.

Project # 9346
 Project Name Natividad Creek Community Park

Start Date 02/01/17

Council District 1

Completion Date 06/30/24

Total Project Cost: \$817,246

Description

The first major phase of the project has been completed. The next few minor projects include rehab existing restroom and add new restroom near Skate Park/Tennis Ctr. Completion of habitat restoration within the lower Natividad Creek area between Las Casitas and Laurel Drives, including the N/E detention basin habitat restoration.

Justification

Annual allocation of Park Development fees will help augment other resources, such as community volunteer programs, to continue park development. Increased maintenance costs will be minimal relating to anticipated improvements.

Category Police

Start Date 07/01/18

Council District City-Wide

Priority 1 Essential

Completion Date 06/30/23

Total Project Cost: \$1,295,447

Description
This CIP combines Tasers and BWC into one account and one annual payment. This will equip the department's authorized strength for the next 5 years.

Justification
Officer Safety and Community Transparency. It will enable the department to be more transparent while, at the same time, holding officers accountable for their actions.

Project # 9008
 Project Name Sanitary Sewer Master Plan Update

Type Sanitary Sewer

Useful Life

Category Sanitary Sewer

Priority 1 Essential

Start Date 07/01/19

Council District City-Wide

Completion Date 06/30/20

Total Project Cost: \$400,000

Description

The approval of the Economic Development Element and other recent and proposed developments now require that the Sanitary Sewer Master Plan be updated to reflect how and whether the sewer system can accommodate these changes. In addition, the SSMP will review the adequacy of current sewer impact fees.

Justification

The Sanitary Sewer Master Plan must now reflect changes from the EDE approval and other recent and proposed developments.

Project # 9011
 Project Name Lift Stations LaGuardia Upgrade & Backup Generator

Type Improvement

Useful Life

Category Sanitary Sewer

Start Date 07/01/18

Council District 2

Priority 1 Essential

Completion Date 06/30/20

Total Project Cost: \$875,000

Description
 Upgrade LaGuardia lift station to above ground station (730 La Guardia).
 Install emergency backup generators and flow meters at sanitary sewer lift stations. This program will reduce potential sewer overflows during power outages.

Justification
 This project is funded entirely by the Sewer Fund.

Project # 9283
 Project Name Sanitary Sewer Management System

Type Sanitary Sewer

Useful Life

Category Sanitary Sewer

Priority 1 Essential

Start Date 07/01/03

Council District City-Wide

Completion Date 06/30/23

Total Project Cost: \$668,551

Description

This project provides for the Sanitary Sewer Collection System Management and Capacity, Management, Operations and Maintenance (SSMP). The purpose of this program is to comply with California Regional Water Quality Control Board, Waste Discharge Requirements, Clean Water Act and GASB34 City Wide. Also provides for miscellaneous equipment, computers, software, supplies and professional services.

Justification

It may be necessary to increase the existing sanitary sewer surcharge fee at some future date depending on the requirements placed on the City for Capacity, Management, Operations and Maintenance (CMOM). Sewer Bond (1998) proceeds have been spent.

Project Name	Sewer Pipe & Manhole Repairs

Type Improvement

Useful Life

Category Sanitary Sewer

Priority 2 Necessary

Start Date 07/01/95

Council District City-Wide

Completion Date 06/30/24

Total Project Cost: \$3,530,317

Description
In order to stop serious deterioration in manholes and pipelines throughout the City, a liner will be installed in manholes each year to significantly reduce maintenance cost. This project also provides for the repair and/or replacement of sanitary sewer pipelines as necessary throughout the City.

Justification
To be used in conjunction with CIP 9126 Sanitary Sewer Pipes Repair/Rehab.

Project #	9743
Project Name	Repairs to Lift Stations

Type Improvement

Useful Life

Category Sanitary Sewer

Priority 1 Essential

Start Date 07/01/95

Council District City-Wide

Completion Date 06/30/23

Total Project Cost: \$500,000

Description	
This provides for replacements or upgrades to sanitary sewer lift stations including pump motors. Motor controllers, alarm dialers, variable speed drives, electrical panels, buildings or enclosures, install permanent lift station bypasses and other appurtenances to include SCADA, MH monitors, flow meters.	

Justification	
This project is funded entirely by the Sewer Fund.

Project #	9086
Project Name	Natividad Creek Silt Removal

Type Storm Sewer

Useful Life

Category NPDES Storm Drain Sewer

Start Date 07/01/16

Council District City-Wide

Priority 2 Necessary

Completion Date 06/30/20

Total Project Cost: \$50,000

Description	
Remove silt from sections of Natividad Creek between Boronda Road to East Laurel Drive. Make repairs to banks and the water channel as required; and make repairs to any outfalls that tie in the creek. Project will be done in two phases: Phase 1 will call for channel assessment and design; and Phase 2 will call for the actual silt removal and repairs. Project may include stream resoration components with grant funding.

 Project Name Priority and Miscellaneous Storm Sewer Improvement

Type Storm Sewer

Useful Life

Category NPDES Storm Drain Sewer

Start Date 07/01/98

Council District City-Wide

Priority 2 Necessary

Completion Date On Going

Total Project Cost: \$1,900,793

Description

Storm Sewer Line in conjunction with 2004 CDM Storm Sewer Master Plan and other as-needed storm sewer line replacements.

Design and install larger inlets at various locations per Priority 2-6 Improvements recommendation from Table 5-1 of the 2004 Storm Sewer Master Plan. Also includes construction of storm main line and storm inlets on E Laurel Drive from Highway 101 to Main Street.

Justification

This project is funded entirely through the Development Fees Fund for Storm Sewer.

Useful Life

Category Traffic Signals

Priority 2 Necessary

Start Date 03/01/18

Council District 5

Completion Date 06/30/20

Total Project Cost: \$773,280

Description	
<p>This project installs a traffic signal at the intersection of N Main Street and Navajo Street and median work at N Main/Chaparral. The project includes crosswalks, integration of signal into the corridor signal coordination.</p>	

Justification	
<p>The project addresses pedestrian safety at the N Main Navajo intersection that is used by students/residents for access to retail areas on the west side of N Main Street. The project also provides traffic control at the Chaparral N Main intersection.</p> <p>There is no impact to the General Fund. The project is funded by a federal HSIP grant in the total amount of \$585,810 with a local match of \$55,590. Local match is funded with Measure X/SB1. Additional Measure X/SB1 (\$150K) is requested based on increased construction cost for signals.</p> <p>Most improvements are within City right of way and will not increase have a significant impact on the City's street maintenance budget. The new signal will add \$2,900 to traffic signal Maintenance Costs each year.</p>

Project #	9431
Project Name	Traffic Signal Coordination

Type Improvement

Useful Life

Category Traffic Signals

Priority 2 Necessary

Start Date 07/01/17

Council District 3,4

Completion Date On Going

Total Project Cost: \$425,000

Description
Planning and construction of improvements to improve operation efficiencies at the Front St./Market St. Underpass. Improvements include upgrades of cabinets, controllers and detection systems at four signalized intersections. This project will also include development of signal timing plans and explore the feasibility of traffic signal coordination that will better serve the Front St. and Market St. corridors.

Justification
The project is planned to improve movement of traffic through several intersections.

Project # 9654
 Project Name Traffic Signal Installations and Upgrades

Type Traffic Signal

Useful Life

Category Traffic Signals

Priority 1 Essential

Start Date 07/01/00

Council District City-Wide

Completion Date On Going

Total Project Cost: \$4,279,995

Description

The Engineering & Transportation Department installs traffic signals and upgrades, including opticom controls for emergency response at signalized intersections when warranted. Existing signals are being updated to include new APS, video detection, leading pedestrian phases, LED Lamps, battery back-up systems, and communication upgrades.

Justification

Traffic signal technology changes to improve safety and efficiency. This CIP allows necessary upgrades to existing signal system. This CIP includes the installation of new pedestrian countdowns, improved detection, battery back-up units, new cabinets to allow additional safety features at signalized intersections.

Project # 9951
 Project Name T/S Main St. & John St.

Type Traffic Signal

Useful Life

Category Traffic Signals

Priority 1 Essential

Start Date 07/01/18

Council District 3

Completion Date 12/30/22

Total Project Cost: \$690,700

Description

Mitigation #8-Main Street/John Street Intersection #1-the modification of the lane configuration at this intersection to change the NB approach to three through and a free right turn lane, two EB right turn lanes and one EB through lane, changes to the SB approach to one left & through lane, the removal of parking on the west side of Main Street south of the intersection and the adjustment of the signal phasing to provide a custom overlap phase are required.

Justification

Tynan Village mitigation from traffic analysis. Traffic Impact Mitigation Measure for approved development. Traffic Mitigation projects are essential improvements specifically called for to meet increased traffic demand resulting from City growth.

 Project Name Street Tree Planting

Type Maintenance

Useful Life

Category Urban Forestry

Start Date 07/01/19

Council District City-Wide

Priority 2 Necessary

Completion Date 06/30/23

Total Project Cost: \$1,675,000

Description

This project is to beautify the City of Salinas and maintain our image as a Tree City USA. The Urban Forestry Division will be planting new street trees to replace stumps, emptying tree wells and removing dead trees within the City right-of-way.

Justification

This project is essential in beautifying Salinas and keeping our proud image of being a Tree City USA. This project falls in conjunction with City of Salinas Urban Forestry Management Plan. This project also meets our City Council's goal for our residents to have a safe, livable community.

For FY 19/20, department will use the 300K allocated and the rollover amount from FY 18/19. Department will use 300K for FY 20/21, 21/22, 22/23, and 23/24. CIP was approved in FY 18/19 Adopted Budget.

Project Name	Safety Tree Trimming City Parks

Type Maintenance

Useful Life

Category Urban Forestry

Priority 1 Essential

Start Date 07/01/19

Council District City-Wide

Completion Date 06/30/25

Total Project Cost: \$200,000

Description
Safety Tree Timming Program for all City Parks and including the area around the facilities within City parks.

Justification
This project is essential for the City of Salinas to maintain a safe urban forest in our parks and provide a safe and better quality of life for our residents. This project meets our City Council's goal for our residents to have a safe, livable community. This project is essential for City of Salinas to move forward and approve the Salinas Urban Forestry Managment Plan and Parks/Open Space and Recreation Master Plan.
For FY 19/20, department will use a one-time cost of 600K. This cost will bring all parks to a safe maintained forest. For the fiscal years. For FY 20/21, 21/22, 22/23, 23/24, and 24/25, department will use 250K to keep the tree maintenance program in place.
